October 2021

The Balkan Geophysical Society (BGS) and The Romanian Society of Applied Geophysics (SGAR), cordially invites you, to the XI<sup>th</sup> Balkan Geophysical Congress

The Congress, the Scientific Conference and the Exhibition of equipment and geophysical services organized during this event will represent a major international event for all the countries working together within the Balkan Geophysical Society.

The BGS Congress is not confined to the Balkan borders. Actually, we are without borders when it comes to geoscience & serving society with our knowledge.

Therefore, our Technical Programme provides a multi-disciplinary perspective on current practice and research in progress in various fields and welcomes contributions from all over the world.
